Marie E. Johnson, SNS

President NMSNA

Greetings NMSNA Membership!!

First & foremost, I want to take this opportunity to acknowledge the extraordinary efforts of you and your teams in going above and beyond to feed children during the unprecedented pandemic and on into our transition into whatever the new normal will be. You all are true Heroes in every sense of the word in the communities you serve; so much so that School Lunch Hero Day was proclaimed on May 6, 2022 in our great state by Governor Lujan-Grisham! I want to say a heartfelt THANK YOU for the dedication and tireless efforts you and your teams have demonstrated in feeding our children!!

We are welcoming all of you back to Isleta Resort & Casino to our 65<sup>th</sup> Annual Conference which is in person after an almost 3-year hiatus! Our theme is “Boldly Going Back to the Basics with NMSNA” because that is what the USDA has shared is going to happen in SY 22/23, we are going back to some form of what used to be normal! Please take advantage of this very foundational information to help continue to prepare you for all that SY 22/23 will throw our way. If you attend the full day on June 8<sup>th</sup> and the morning general Session on June 9<sup>th</sup> you have the opportunity to earn 8 hours of CEU’s. Please note that the Civil Rights Training will be applicable (per NMPED SSWB Administration) towards your 22/23 professional standards for all that attend those sessions.

Please join me in acknowledging the extraordinary efforts of our planning committee who made this forum possible, a huge shout out to Shelley Montgomery, Chimene Quillen and of course Pauline Raia our Executive Director whom after many years of tireless service in many different capacities within NMSNA is retiring to enjoy life! Thanks, Ms. Pauline, for your service and leadership, you will be missed.

So again, I welcome you NMSNA Members & Partners please take advantage of this opportunity for you and your teams to get ready for SY22/23. I look forward to experiencing “Boldly Going Back to Basics with NMSNA” with all of you! Continue to stay safe and healthy!

Sincerely,

A handwritten signature in black ink that reads "Marie E. Johnson". The signature is written in a cursive style with a long, sweeping underline.

## Presentation Title: "The Funny Thing about Stress"

### Kay Frances

Motivational Humorist and Author, Kay Frances MBA, has shared her message to "lighten up, stress less and take care of ourselves" in 49 States and Canada for over 30 years. She holds a Master's Degree in Business Administration and a degree in Health and Education.

Kay is the author of "The Funny Thing about Stress; A Seriously Humorous Guide to a Happier Life."

When it comes to humor, Kay is the "real deal" having performed as a professional standup comedian for many years and appearing on a number of national television and radio programs including Lifetime Cable's "Girls Night Out" and NBC's "America's Funniest People". She also lived and performed in New York City where she appeared at the nation's top comedy clubs such as "The Improvisation" and "Catch a Rising Star."

Kay Frances combines her years of standup comedy, her education and her passion for her message to offer a unique skill set not often found in one speaker. It's clean, relatable humor-with-a-message at its funniest! Your stress level will thank you!

**Kay Frances**  
*Virtually Unbeatable!*

Welcome to NMSNA's 65<sup>th</sup> Annual Conference! This annual event is an amazing opportunity for school nutrition professionals from across our great state to come together to learn from each other and dive into the challenging issues that all of us face in our districts' school nutrition departments.

As school nutrition professionals, we have an obligation to be the voice for our students, teachers, parents, teams and communities when it comes to all things nutrition. We must continue to drive the national dialogue not only about universal meals for all, but also around issues of poverty and economic opportunities that impact the lives of our students. We must make the time to transcend the day-to-day management of our districts school nutrition departments and truly lead at the local, state and national levels.

School nutrition professional leaders have a tremendous power to impact the lives of millions of children across our nation. We need to continue to find ways to make nutrition opportunities relevant so that students are prepared to learn and engage in every way every day that they walk through the schools' doors.

The theme for the conference this year is "Boldly Going Back to Basics with NMSNA". Our ultimate goal is to help school nutrition professionals return to our "new normal" informed, equipped and ready to hit the ground running on the first day of SY22/23!

It is truly an honor for me to serve as your president elect and let me be the first to invite each of you to our 66<sup>th</sup> Annual Conference in 2023, more details to come. In parting be inspired by these simple words - **WE ARE CHANGING LIVES...CHANGING THE WORLD...ONE NUTRIOUS STUDENT MEAL AT A TIME.**

Sincerely,

Edwanda Williams

## EXHIBIT HALL ETIQUETTE

**When Samples are offered, take only one.** Samples are costly and exhibitors bring enough so that every attendee gets one. It's important to the exhibitors that everyone gets to sample their offerings.

**Dip chips or veggies only once.** In other words, "please don't double-dip."

**Say, "Thank you!"** Everyone likes to be treated courteously, including our exhibitors, and we would like them to return next year. This form of appreciation encourages them to be a part of our Annual Conference and makes it fun for them, too.

**Hold on to your belongings.** Spaces are small in the exhibit hall and the crowds can be big.. If you hold on to your things, nobody trips on them or walks away with them either.

**Have fun!**
